

NEW - Georgia Town Plan

The Town of Georgia is in the process of updating the Municipal Town Plan. The Municipal Town Plan is an 8-year document that drives the future of Georgia and how it is developed. Public participation is important to the success of the plan. There will be upcoming public meetings and events for everyone in the town to voice their opinions regarding the future of Georgia. The process will play out over the next year with the deadline to approve the plan in December 2024. The town has established a special website with updates happening throughout the process at: [Georgia Town Plan](#)

Check back often for updates.

Public Workshop from 10/24/2023 - <https://lcatv.org/georgia-town-plan-workshop-2023-10-24>
