Agency of Human Services

May 12, 2020

Dear Andrew:

It is my pleasure to inform you that Georgia First Response. has been selected as the Vermont EMS First Response Service of the Year. Your agency's ongoing commitment to excellence and contributions to the betterment of the Vermont EMS system made it an easy and unanimous choice.

We would be honored to present this award to your organization in a virtual ceremony at the time most convenient for you; please reach out to Merrill Pine in our office to set up a time to do so. We are also happy to attend an in-person award presentation as soon as it is safe to do so. You are also invited as our guest to the next Vermont EMS and Healthcare Preparedness Conference for recognition at the EMS Award Convocation Ceremony. More details about the awards presentation at the conference will be available soon.

The dedication, hard work, and heart that Vermont's EMS community shows from year to year is an inspiration, and this year's pool of nominees was truly outstanding.

Thank you for your exemplary service and leadership.

Sincerely,

Dan Batsie
Chief of Emergency Medical Services
Vermont Department of Health
